## Specifications:

**Weight:** 3.56 lbs. (1.61kg)

**Buoyancy:** Over 35 lbs.

**Inflation System:** Two (2) 18g CO<sub>2</sub> cylinders

**Cover Fabric:** Nomex® /Kevlar® blended Ripstop (FR), in Cobalt Blue & Burnt Orange

**Approval:** TSO-C13d; ETSO-2c504

The X-Back design allows the vest to contour to your shoulders, lowering the profile, increasing comfort, and improving range of motion. The weight of the vest and its accessories is moved away from the back of your neck and evenly distributed across your shoulders, reducing fatigue. The breathable fabric and ergonomic fit keep you comfortable throughout your mission.
